Galaxy International School Delegation Departs for London to Represent Ghana at the Owlypia Global Round 2026

Accra, Ghana A delegation from **Galaxy International School** has departed for **London, United Kingdom**, to participate in the **Owlypia Global Round 2026**, one of the world's leading international academic competitions for young learners.

The delegation consists of **52 students, parents, and faculty members** and is led by the school's Principal, **Mr. Jasur Domullojonov**. The team left from **Kotoka International Airport** and will represent both **Galaxy International School and Ghana** on the global stage.

The prestigious event will take place from **14th to 20th June 2026** at the **University of Westminster, London**, bringing together talented students from across the world for a week of academic excellence, innovation, and cultural exchange.

The participating students earned their places through a series of challenging online assessments and the local qualifying round hosted earlier this year by Galaxy International School. Their qualification reflects months of dedication, preparation, and a commitment to academic achievement.

About Owlypia

Owlypia is an international educational competition designed for students aged **9 to 18 years**. The programme encourages critical thinking, creativity, and problem-solving through interdisciplinary learning and global collaboration.

Students compete across five major categories:

- Science and Technology
- Literature and Culture
- Social Sciences
- Art and Design
- Economics and Business

Beyond academic competitions, participants engage in debates, public speaking, research projects, teamwork challenges, and leadership activities that help develop essential 21st-century skills.

A Commitment to Global Education

Galaxy International School continues to provide students with opportunities to participate in international competitions and global learning experiences. Through programmes such as Owlypia, students are encouraged to broaden their perspectives, build confidence, and connect with peers from different cultures and backgrounds.

As the delegation joins participants from around the world in London, the entire Galaxy International School community proudly wishes them success and looks forward to celebrating their achievements.

We wish Team Galaxy the very best as they represent Ghana on the global stage.
